Hello my Darling,

writing you from the Service Club again, but just
a while ago I played a few games of ping pong. Thus far
no new develop ments have occurred, as the schedule
for our departure from here has not been
changed, but in the next few days, it might be
be a different story,

This evening I'd be going to the movies again
to see the picture "Captain Kidd" which should
be enjoyable.

During the morning, I played a
touch table football - and later in the
afternoon, we went to the PX, I went
out and line for ice cream, it is kind
of silly getting ice cream this time of
the year, and after eating it one's inside
begins to feel very cold, but we all
seem to enjoy it.

There wasn't any mail from you
today darling but yesterday I was well
pleased in receiving your mail letters.

That's all for today except that I'm
constantly thinking of being with you
again, real soon, I hope,
I will give you my love & kisses
Ben xxxx
