Dearest Judy,

I can't understand the reason for not receiving a letter from you today. Today is the second day that I haven't heard from you. We have another mail call at 5:30 clock. I hope to hear from you then.

Don't remember if I wrote you about Julie Wishfield. So I repeat it if I did.

Received a V mail letter from Julie. He is stationed in England and seems to be enjoying his new quarters. The letters are censored so that maybe the reason for it.

~~Didn't~~ I'm very disappointed in not hearing from you today.

my hopes of receiving a  
letter from you at 5:30. Luck  
failed when the mailed  
arrived without one from you.

What is the matter? Is  
there something wrong or  
~~is~~ maybe something on  
your mind. I wish you  
will inform me.

It must be so hot  
in New York because  
today the temperature here  
was over 100 degrees. ~~at~~  
Right now 7:30 o'clock  
I am soaking wet with  
perspiration or sweat.

Have not much time  
to write <sup>dear</sup> but I manage  
to write you every day.

I hope I receive all  
all three letters from you  
tomorrow.

will write a  
long letter  
tomorrow.

Love & Kisses  
Ben
