my Dearest Judith,

I feel very disappointed and bad because I was unable to call you up this evening. I only have a few minutes now dear so I'll have to be brief.

Tomorrow I'll explain to you about today.

I wired you a consignment of flowers which I hope you received on your birthday.

I didn't send you a ^{birthday} card because I wanted the record to be my greetings to you.

I feel that the words from my lips means more

than what somebody else
my write one birthday
card.

Have to close
darling.

A Very Happy Birthday
to the sweetest girl
in the world.

With the usually
good night kiss I close
with all my love

Love

I love you dearly, darling.
