Dear & Beloved Judy,

I didn't receive any shipping orders today so maybe I will tomorrow. I certainly hope so because today I spent most of the day sitting in the supply room. I suppose to help out here but there wasn't

any work for me or should I say I was ambitious and I didn't look for any work to do

yesterday we went to the Jewish U.S.O. for supper. We had Jewish salami and potatoe salad. It sure tasted like a home meal.

Tonight I'm going to go to the movies to see "Destroyer" since I haven't any make up classes and no known equipment to clean I feel

~~more free~~ free but the day
it very dull and tiresome.

If they kept me here much
longer I feel that I go back to
my old habits of being lazy.

Darling I'm hoping to
be seeing you before you
receive this letter but if not
I still want to let you
know that I deeply love you.

Ben
