Hello Sweetheart,

Since I wrote you a regular letter yesterday I'll repeat the only important thing I write yesterday. Yesterday I receive a letter that was written by you 10 days before. It was a V-mail, dated Nov 2! You see dear V-mail is the fastest method. I would prefer if you write me two V-mail letters in one day, if you have a lot to write instead using air mail. Show when you have cartoons and other articles to include in a letter you write me a regular letter once or twice a week. This way you can keep me informed with the latest news by your using mostly V-mail and writing all the important news of yourself in V-mail letters. OK dear.

I read on the bulletin board today that from here air mail will be traveling by ~~train~~ plane back to the States if true then you should get my air mail letters as soon as you receive the V-mail. And it will have me a lot of trouble of having to use V-mail. The main reason why I like to use V-mail is because I no you will be getting the letter in about ten days. At least you should be receiving the letter in ten days. Now knowing that air mail will reach you in the same time I'll be able to write the important things in air mail letters. Understood?

I'm writing very small and I hope you will be able to read it. I think you will because I can clearly understand your handwriting on the V-mail letters.

Glad to hear that you are keeping yourself up with school and saving a few new and things. I am hoping that it won't be long before I'll be able to take you with me down to the Great Lakes. Write Wagon Lines, Spaulding, Mich.

V-MAIL

Pat Ben Logan
