My Dearest Judy

Any day but more important than that its Saturday evening and I'm thinking of the days when I would be calling for you at this time. Gosh darling I just keep hoping that the day will come soon when I'll be able to continue ringing your door bell as I have in the past.

Just to tell my present and I was able to purchase oranges, apples and walnuts, so I stocked myself up on those items. Large oranges are being for 3 for 5¢ and small apples about a penny apiece. I must have about two dozen oranges and apples on hand.

After finishing this letter I'm going to the show to see that old picture that I saw before, 'Coney Island'. I remember seeing the picture at Long Light and then writing you it make me think of us. No doubt the same feeling will prevail tonight.

As always as I'm about to say good night to you on this day I'll whisper those nice words to you, 'I love you, I love you, I love you'. I'm deeply in love with you and I can hear your echo.
