Sunday

Dear Judy, Darling,

I intended to write you a V mail letter this evening but after I arrived at the Red Cross building I remembered I left the V mail stationery back in my tent. Since air mail is suggested to be just as fast I guess it won't make much difference.

Not attending the movie theatre this evening because the picture is a picture I saw back in the States and I prefer to write you than see it the picture over again.

Darling by the time you receive this letter it will be around the 15th to 20th of December. Yip it's sure close to New Year's and how I would like to see you before my eyes but making the best of it you will be very close to me in my thoughts and

in my heart. Who would 2
even think at this time last year
that I'll be so far away (in distance)
from you but I guess that's how
lives life goes. Sweetheart I haven't
forgotten the words you told me
when I was home on furlough, about
when the dock strikes 12'clock. you
can be assured that I'll do
exactly what you told me and I hope
that you admit to occipied to do
the same.

I'll still have time in my
future letters to wish you a
very happy New Year but while
I have the time now I'll like to
say that I hope and pray that
the following year will find us
united and just as much in love
with each other as we were
last year and I believe now.
Naturally I'm positive about
myself but I can't speak for you.

3

as you may or might have
changed your feelings. As for me
its still the same old story of
I truly and deeply love you
and I no that tomorrow or
next year nor years to come will not
change my mind.

that book toilet kit that you
sent me is certainly going to come
in handy now. I'll be able to
make good use of it shortly.

How about sending me some
snapshots of yourself dear. I would like
to see how beautiful you must
be looking in your winter clothes.

I would like to send you some
pictures of myself but there isn't
any place for me to take pictures.
Its to bad I haven't got a camera
and film because if I had ill
send you many pictures. One of my
buddies is expecting to receive a

camera through the mail soon. &
So if we still happen to be together
I'll have him take one or two
pictures of me and I'll send them
to you.

Had I was able to have a
picture taken at my other camp. Did
you receive that letter yet?

I always forget I guess its silly
of me to ask you such questions
because possible you wrote me
about it in one of the many letters
I haven't received yet.

That's about all there is for
this evening sweets so keep smiling
and I'll give you a special letter
kiss from the bottom of my heart
to you.

Good night, dearest
I love you as always.
Ben,
