<sup>PART TWO</sup>  
I didn't intend telling you that long story today but since you brought up the question of work, I figured I'll answer it.

That New Year's poem darling really had me surprised because I never thought you had it in you to write such lovely poetry. It certainly was excellent and I greatly appreciate it. Thanks.

I definitely hope that your prayer comes true real soon so we can do all that, plus more, of busy things.

Since you are so curious about knowing if I once let you find out for yourself? I

I believe believe that I received all your letter around New Year's and I'm surprised that you mentioned so much. Do that all what did you do before and after that? Did you enjoy yourself? Didn't you meet a young group to spend the evening with? Let's hear the story?

but you a little later I mail letter which you should receive at the same time you receive this two page letter. It isn't much but under the circumstance, it will have

to do as I didn't even think I'd be sending you one of them until today, when I saw them making them up.

Long as if I'm going now writing this part much than all the time back in the States.

Thanks again for the picture and lovely poem  
With all my love and peace
