My Beloved Judy,

you are keeping me very busy answering your letters and in order to go do so I have to write long letters, but dear I love it

Received five (5) more letters from you dated Nov-10th Dec-16th and 1st mail dated Jan 14th 16th and 17th that last letter only took fifteen days which is about the quickest so far.

yes I remember, Sol's wife, Ester, was informed that Sol is somewhere overseas now, by a letter I received from Hy.

Do you remember at Julie's New Year's Eve party, a very tall lanky fellow. In the kitchen he wanted to kiss you in front of me. Remember? Any way he is now in New Guinea, down in the South Pacific.

I should have told you what a blanket roll is but honey you gave me some laugh thinking asking if its without pillow or sheets even though it is. Have four blanket and a shelter halve (Canvas cloth) spread out the shelter halve (which is also used as one half of a pup tent) then spread the blankets over it so I can tuck myself into the blankets which are folded in half. Then in the morning and when we are

moving, I roll up the blanket 2
roll like you would a rug take
When travelling just have to throw the
roll in the vehicle and off we go.

Just the opposite of the Infantry,
I don't walk from one position to
another and don't have to carry a
pack on my back. etc

Right now my outfit hasn't
been operation as its suppose to
Its a fast moving outfit supporting
the tanks and Infantry men, but here
due to the terrain, and high mountains
we are acting more like a
Artillery outfit, thats why we
stay in one position so long once
we get to more level ground you
see us rolling along. Explain
above point to my brother please
as he might be interested in
using knowing and I don't want to
write it over again. O.K.?

No, I always sleep in the
bed roll or blanket roll.

Explained about eating
after 4 PM until 8 AM if we are
hungry, which we usual are.

Don't you think I made 3
enough request already?

Glad to hear that you spend
a enjoyable evening at Ratners,
with my family. Wish of you to get
them flowers are pleased you signed
my name to the anniversary card
because I completely forgot about
it, as well as not being able to
send them a card.

Don't see what was so funny
about the price of the parties, that
I noticed in the store windows
back in Iran. Don't forget I'm in
that business, therefore I have to
take a interest in it.

you may be correct in thinking
that regular mail is as quick as
air mail but honey I don't have
any more regular envelopes, and
I get all the air mail I need
therefore I have to use air mail
I already requested that you send
me envelopes. If you already
did, I hope you don't send me
to much. Prefer to have a
small amount sent each time.
Not to small - about 25 envelopes
and sheets to go with it.

as I write you don't buy ⁷
me expensive stationery. Cheap
stationery we do the trick o/k?

A vmail letter from my
brother dated Jan 17th in which he
says he send me two five pound
boxes of chocolate one day after the
order. I believe ~~that~~ he means
that by the way he has it worded.
If so kindly informs him and so
well I that I only want prefer
one box each week instead two at
once and it ain't necessary to
send me five pounds one or two
pounds is plenty. Unless it's a loose
package consisting of chocolate bars,
Baby Ruths and etc.

Delighted that you liked those
stones I told you about will
try and write more of them.
I'm beginning to feel like a
journalist, with all this writing
that I'm doing.

That about covers all your
letters up to date

Today is one of those days that if we were back in the days we would be happy because its was pay day.

I was very surprised at the large amount of pay that I got. It amounted to eighty (80) dollars but don't ask me cause I don't no how I was able to receive so much. I new back pay was coming to me but I never figured it to be that much. Well I'm not going to worry about it.

Sending my Mother back the three money orders that I received totaling thirty (30) dollars cause it senseless to carry with me so much money and since I haven't ~~as~~ cashed the money orders I decided it would be better to send them back instead of having a money order made out and send part of the money I received today.

Not enclosing the money orders I now have over a one hundred (100) dollars in my
