Dearst Judy

Today is the opposite from yesterday as I received four packages from the family and one sweet letter card from you. That makes it the second card I received for the holiday. How many did you send this time? No I don't mind, in fact I like the many cards.

The fellows have been kidding me about writing you a letter. I know they write one but I never thought they would mail it. If they did then, in one your letters that I should be getting soon you probably mention something about it. The reason why they must be joking with me, so much is because of the snapshots I have displayed of you and grand of it my writing you every day plus the many packages I receive from you. It's very easy for them to get your address as usually one fellow from the tent gets all the mail for our tent. I didn't read the letter that my section sergeant might have written to you but I doubt if it was anything else but a nice, friendly letter. (I hope)

They keep bothering me by asking Jones if he got an answer from you. I sometimes believe they cut the letter then I find it hard to believe it. I will tell

Don't work to hard enjoy your summer much and remember that I love you as always.
Ben
