My Beloved Judy,

Today being a hot day, I had a desire to go swimming but this I as I do it as it when as it was my turn on the switchboard I haven't reported it to you, but you might be under the impression that since I'm on a license now, when I don't have telephone communication this impression is wrong, as we have but the hours have been changed to 12 hours a day. Thus on every four days we go on duty. We go on at night but in just a matter of sleeping next to the switchboard. It's a big advantage for me as I don't go on guard duty on many of the other details that required to be gone.

Even while on duty for the time (2) hour stand is not bad as I often play checkers listen to the radio which is near by, and have a baseball catch with any of the fellows.

Getting back to what I intended writing as just add started on my first sentence. Thinking of swimming, make me look at the fine picture down town at what Long Beach, just think of them if we desired to go on to any thing we just got went about doing it but now how the situation has changed.

I received your letter of April 29th and I better write you a request as I told you I would. And you repeat your statement in this letter.

I request some more of your delicious candy or whatever else you want to send me. I'm going to renew I intend going on a days pass and when I'll give you the details.

Good night darling and remember that I love you very very much.  
Ben
