My Beloved Darling,

I feel ~~in~~ gayer today and can you blame me as I received two lovely air mail letters from you, dated Aug 12<sup>th</sup> and 14<sup>th</sup>. That's what I've been longing to receive and if you already received my past two letters of yesterday and day before you will understand what I mean.

But that I didn't mean what I wrote in yesterday's letter because I believe it was written in the best interest of both of us. I think you would write me if something occurred in regards to yesterday's letter.

and when you write those sweet sayings I do believe you. I do hope you can understand exactly what I did write yesterday darling.

You did hit the 64 dollar question on the my change of A.P.O. number. Did you collect your money?

was able to obtain today chemicals, consisting of hypo and developer so I'll be able to develop my own negatives. I already learnt how from one of the other fellows and as soon as the weather is nice I'll take a few rolls of film and before you know it I'll send you the negatives if I don't ruin them. As for the films I sent to the Special Service I understand it takes a

very long time before they return the prints, just be patient awhile longer honey. I guess you waited this long, you don't mind waiting awhile longer.

There isn't any a mail available thus I have to use regular stationery. Untel a fresh supply of a mail stationery arrives I'll mostly be using, as I am now as I only have a few spare sheets of a mail. I know you don't mind anyway as you prefer regular letters correct?

at times I think I'll be in Holland instead of France because the majority of people wear those woolen shoes, that I was under

the belief was only worn in  
Holland but surprising in the  
section I'm in now the style is  
woolen shoes, and I doubt if its  
because leather is scarce, as they  
are worn on Sundays, and

That's all the news to relate to  
you now sweetheart, except, I love  
you very very much and you  
haven't any idea of just how  
much I really miss you.

Forever yours,  
D. C.
