Then was. I am getting today
honey but I also received a few
books, newspapers (New York Post)
and a package from ~~my~~ mother.

Been thinking, do you have to
use ration points to buy the noodle
soup? If so dear don't buy it any
more for me as I don't want to
use up your ration points.

Until tomorrow dear I'll
sign off with lots of kisses and
all my love to the best lady
in the world.

- Forever yours,
D. E.

My Dearest Darling,

Last night I spent another
enjoyable evening at Robert's house
but I came after supper as I didn't
want to impose on them even though
I was asked for dinner.

The weather was is cloudy today
but nevertheless I wanted to snap
a few pictures with Robert and
Andre as a remembrance. Hope they
come out even fair. Robert has
an excellent camera with a fine
lens and he also snapped a
few pictures. He wants me to
write him which I promised and
I gave him my home address,
and for some peculiar, unknown

By far the best part of today was
finally receiving your long awaited
package containing the bracelet and
daring if I may say so, its gorgeous,
and I like it slightly better than the
first one I had, if that's possible. Thank
you very much for sending it to me
daring and also the rest of the contents
in the package which are grand.

I had to remove one link from
the bracelet since it was too large. Now
its a perfect fit.

Stad you enclosed the noodle
soup and coffee because with winter
around with cool nights the drink
is a ^{good} lift. Don't believe I have to
mention about the chocolate candy as
you know how much I enjoy it.
Offered the candy to Robert and Andrea
and they immensely enjoyed it, as well
as the other fellows.

Will open the jar of berries
later in the evening.

reason he asked for your address,
I didn't think you would mind so I
gave it to him. He knows you from
all the beautiful snapshots I showed
him of you. His folks really raved
about you to. Robert's intentions are of
writing you & therefore perhaps you
will receive a letter from him in
the near future. The mail system
is disrupted now, but in awhile it
probable will be resumed.

Correction on Robert's age as it's
nineteen years old. Ideal for you
& sister. He showed me a letter
in which he corresponds with a
girl from England through his
school as he is studying English.

He intends to visit New York
which I replied you are most welcome
to visit me so we can have
a reunion.
