Hello Sweetheart,

My supper this evening remains me of your favorite dish consisting of corn beef and cabbage, a dish that I don't care for, possibly because it's hot.

Received your e mail letter of Oct 8 & today dear and I notice your slight interest in political affairs - you mention of the two popular politicians now passing away the same week. I really regret the news provided because he was a progressive man with efficiency and fighting for the common man.

In which now I believe I will cease to see any more motion pictures. It was good entertainment while it lasted but I don't regret not being able to go now because it was due to another step to shorten the war and perhaps a day sooner that I'll be able to go to the theatre with you honey.

The weather has cleared up again and I'm thankful I'm not in Italy because with all the rain, in Italy I'll be wishing in that mood. Well, anyway love
