My dearest Judy,
after receiving all those lovely air mail letters from you last, today I received three nice U mail letters from you dated Oct 22nd 23rd 24th I don't expect a air mail letter from you every day and I'm content to get the U mail once in awhile.

Glad that Shelma's shower was a success and you had a enjoy able time.

What do you think of the novel "The Prohibited Women". Did you like it?

Delighted to know you are now receiving the U mail photographed and it jibble speeds up the time this you get the letters quicker.

What kind of lecture did you attend with your girl friend Roslyn at the Museum of Science and Industry? I imagine it was on science. I remember the telephone apparatus they have there and how funny my own voice sounded to me.

I this seems to be a letter of questions which I know you don't mind answering I hope I love you darling
