Hello My Darling

Tuesday  
Jan 23 1945

Here I am once again clear. Finis had my evening show show proceeded over to the AEC rooms where I'll stay until 8 o'clock, change and see the movie for this evening. The picture is "Daughters" with Ann Sheridan and I believe it will be entertaining.

This replacement depot isn't new to me, as I was in it, just before I joined my former outfit about a year ago and then if you remember, "after I came out from the hospital in July, once again I passed through this depot which at that time was located elsewhere. This is the longest period of time that I've spent here at one time but that's explainable, as I'm getting a re-training course.

No letters today, least only a package from Mom, which I was delighted to get.

I love you so much!
