My Darling Judy,

I received your U mail letter today dated Jan 12
your air mail letter of New Year's Eve which
was mailed the same time as this letter, I
received much earlier.

Another letter came from my cousin Shirley
who lives in Lynn Mass informing me that her
husband & who has spent three years as a
baker in the Army was now being transferred
to the Infantry. I've been reading whereby all
the camps are being cleaned out to place men
in the branch of service that I myself found
myself in. The same thing is going on over
here also except that the training period is not
as long as the fellows back in the States are
getting.

I write at that from my old outfit to
send out if another group of fellows left the outfit
for the Infantry. My other outfit gets replacements
for the men it releases. The men are limited
assignment.

I love you darling,
John
Jim
