Hello My Darling,

Sunday
Feb 18, 1945

Another good letter day, and I'll like to see it continue as I received four more U mail letters from you dear, dated Jan 18th, 19th, 23rd and 24th.

If I didn't relate to you before darling, there isn't anything wrong with my eyes. The doctor examined them closely and couldn't find anything to be physically wrong with my eyes. The blood shot is just one of those cases, and it's not affecting my eyes in any way. My reason for seeing him is because I broke one of my glasses and I wanted a refraction. Today I received two new pairs of glasses.

Today is a day of hanging around. Didn't go to the movies because the picture playing I saw previously I don't like. I love to hang out with you.
