My Beloved Sweetheart,

During the entire week I received mail from you and here it comes Saturday without a single letter.

Tomorrow I hope makes up for it.

Today was a rainy cold day. I spent the afternoon at the American Red Cross building seeing a movie that I saw once before but it wasn't had seeing the picture over again. Pin Up Girl was the title of the motion picture.

I should have started this letter starting from the morning and then going into the afternoon. You will have to excuse my error.

Anyway this Saturday was like a Saturday back in garrison life in the States. Yes, inspection day. We cleaned up our quarters and weapons, then had an weapon inspection in ranks. After that we were free for day if we didn't have any guard duty.

Hope you received the letter I mailed you yesterday darling. That's one letter I ~~would~~ wouldn't like to see get lost because it contained part of the first roll of film that I took with the new camera. I have an ample supply of film for my camera darling as I obtained three more

rolls of German film. I dont intend being as free using the film as I was with the first one because you now have a few pictures of me honey which I hope is enough for awhile. When I see nice scency shots Ill take that or anything else that my pop up. I figure that anywhere from one to two months from now I should be getting at least a three day pass and then I want to take beaucoup picture. The reason why it wont be before another month at the least that I receive my pass honey is because their are still about six to eight old timers from my platoon who havent gotten a pass as yet and they are intitled to go before us new fellows to the outfit.

How are you enjoying your week-ends at the beach? Is their much entertainment out at Long Beach this year?? Their isnt any more blackout, is their?? To bed

Good night darling, sleep well and pleasant dreams, I love you with all my heart and my beloved I will forever, words can not express how much I sincerely miss you but one of these days I hope I'll be able to put my words into action.

Forever yours,
Ben
