Hello My Darling,

No mail from you today honey but I received a letter from Sam and enclosed was the pictures that we took together that Sam developed himself. The pictures could have been better because we overexposed the pictures at Sams advise. Im attempting to obtain a filter for my camera in which it will bring out the clouds in the sky. This filter is very inexpensive ,costing about one dollar but the trouble is that I cant locate a place to get one. Once the filters are manufactured again Ill have to get one. Their are many other accessory parts that I could use for my camera to enable me to have better pictures but at present Im not interested much as that would really run into money.

Saw a very good U S O show which wasnt exactly on the s me style as the other shows the U S O puts on. The MC was a former burlseque comedian in one of the New York burlseque houses and their also was a drummer that formerly played for Jack Teagarden.

Nothing new besides that darling, *my except*

*that I love you with all my heart
and that I love you always,*

*Forever yours,
Ben*

P.S. Hope you don't mind my using this
envelope doesn't I'm just curious and I'd
like to know, if this letter takes only
than the air mail, okay

Love
Ben
