My Beloved Judy,

Today I received your two swell letters dated August 9th and 10th and your grand package mailed sometime in August. Since I just received the package the only thing we dug into was the crackers but later this evening we will dig into the chocolate candy. The tooth brush holder is much better than the one I had and I already make the change. While I wont have much use for the comb set I like it very much and it should come in handy on my journey home. Thanks a lot for all the contents of the package.

At this writing according to your letter you should be in the mountains and since the war is over you should be having a very enjoyable vacation. Was their anything special planned at your hotel for the special celebration?

Now that their is a complete revision in the troop movement I doubt if Howie will return as expected. Prehaps he will return home sooner and if not it shouldnt be to long from the time he figured.

Darling I have worn the lovely bracklet from the very minute that I received it and I have no intentions of parting with it. I dont think Ill lose this one cause the lock has a much tighter fit than the others I had.

How long do you intend staying in the mountains? If its more than a week than it was the best idea of forwarding my letters to you.

Tomorrow I plan on going to visit the city of Frankfurt. Th eir is a railroad runing from the next town to the city of Frankfurt and this evening my buddy and room mate Jesse, are going on bicycles up to the next town to inquire on the schedule of the trains. I am borrowing the bikes from the German family were we bring our wash. Its been quite a while since Ive ^{rode} ~~ridden~~ on a bike and I feel just in the mood for doing that.

Hope you enjoy yourself on your vacation and now I have high hopes of spending the next one with you.

Goodnight my dearest and sleep well, I love you
with all my heart, and miss you constantly
yours forever
Ben
