My Beloved Judy,

Went to Victory Stadium in Frankfurt this afternoon to see the colorful track meet between the MTO and ETO. There was a crowd of around twenty thousands soldiers and as I entered the stadium it reminded me of a doubleheader baseball or football game at the Polo grounds with the many vehicles turning into the parking lot plus the distinct chatter of moving feet, rushing into the park to obtain a good seat. There were frankfurters and coke stands but hon, I was satisfied just with my two bottles of coke since the hot dog line was miles long but those franks sure did look tempting, to sweat out a long line.

There's that question again. Were you under the impression that I stole a typewriter from the Army darling? I can't figure out your reason for repeatedly asking me this question. I've already answered that question twice and feel that by now you should know. Now that you know the story do you feel better and please why did it seem to disturb your not knowing the answer quick enough?

Oh yes, I should have mentioned above that I now have your letter dated August 17th, in front of me. I received it just a while ago when I returned from the track meet. Glad that you enjoyed your trip to the mountains and I sincerely hope that you had a pleasant vacation. I never thought of basketball games being played in August, but there isn't any

harm in it? *I love you with all my heart  
and miss you immensely darling yours forever  
Gene*
