My Beloved Judy

Back in camp once again and instead of just hanging around here we decided to return to Paris again on the next possible pass, cause here we only freeze at night sleeping in our tent and it can't compare to the comfortable hotel ^{accommodations} accommodations and sleeping in a comfortable bed,

Since our company vehicle was stolen and our pass overdue, we were instructed to return to camp the best possible way therefore directly after dinner we started to hitch hike back to camp and once on the road we made excellent time.

I've started to resume air mail honey cause now it won't make much difference

if you receive my letters a ^{couple} few
days later cause it won't be for some
time that I'll board a boat, when I do
I'll send you a telegram. I promised myself
that I won't write you any advance
information on our scheduled shipping
date because it probably will only
lead to another disappointment. When I'm
at the POE and see the boat that we
will embark on I'll attempt to send
you a telegram, but even then it might
not be wise cause I've read of as so
many incidents where GI were already
on ship, only to be taken off at the
last minute for someone else with a
higher priority.

My mood has hit a new low, cause
of this shipping snafu. I remember just
about three weeks ago, I wrote you

My nose has hit a new low, cause

about three weeks ago, I wrote you

-3-

that I expected to be home by this
day, according to our original shipping
schedule, but look, I'm still at the
same place,

Darling I hope that you started
writing me again, cause I miss your letters
and would like to know how every
thing is. I'm sure that I will receive
your letters though till now, I only
received one mail letter from you
while here I'm not blaming you dearest,
as I instructed you to stop writing me.

Anyway Sweet heart, I constantly
thinking of you and miss you, ever so
much,

I love you with all my heart
and will forever,
Yours,
Ben xxx
