Hello My Darling

Just came from the show where
I saw the movie, "A Dine a Dance" which
was a passable picture,

Tomorrow I'm returning to Paris,
going with the other fellows from my
tent. We were going to wait until
Wednesday or Thursday to go on P-pass,
but we ~~was~~ changed our minds, cause a
72 hour pass is now be offered and
we don't know when we will be
able to get such a long pass at one
time. The reason why, the longer
the time the pass is, is because of
the long tiresome trip, to and fro
Paris,

Since we are going to be here quite a while I would like to get a pass to ~~Paris~~ Brussels or London but thus far no passes have been granted to these places. If given I might just as well take advantage of it all while I can,

Signed another pay roll today and at the rate my money been going I might need the ~~idea~~ pay due from September.

Good night darling, until tomorrow when I think I'll be writing to you from Paris again,

all my love & kisses,

Yours,

Ben xxx
