AMERICAN RED CROSS

Sunday
Oct 28th, 1945

Hello My Darling,

Getting to be like old times again, as far as the mail situation is concerned, so darling I received two letters from you yesterday, and now today I received another one of your V mail letters dated Oct 22nd!

No new developments honey, except that we are scheduled to depart from here sometime next month, doesn't mean much now is it surprising because I certainly think that its about time, but since I learned that almost anything can happen in the army, I won't be too disappointed if some new snafus occur next

AMERICAN RED CROSS

month. But according to percentage
I imagine that one of these days
we will be amazed to hear that
we are moving to a POE, It always
like that hurry up and wait,
then out of the clear blue sky a
rust order comes down from
higher headquarters just when
no one expects it.

about all I'll be going today
will be playing cards, and then
probably go to one of the shows
this evening.

Good night darling, and
pleasant dreams.

all my loves kisses,
yours,
Ben
